

Brescia House School

COMMUNITY PARTNERSHIPS CONTINUE.....

“We ourselves feel that what we are doing is just a drop in the ocean. But the ocean would be less because of that missing drop.” Mother Teresa

Thank you to the Brescia House School community for continuing to support NPO's across this challenging time. We understand everyone has personal challenges of their own, so are keeping our requests as focussed and limited as we can. Please continue to assist us in creating/purchasing any of the following items for the various registered NPO's our school supports (links to them at end of document, so you can make cash donations directly to them if you prefer, but please feel free to support any registered NPO of your choice too, including SPCA, EWT etc.). Keep these products in your homes until we move out of Stage 4 lockdown and you can then either drop them off at school's security on Sloane street or deliver them directly to the various NPO's yourselves:

Scarves, teddies, toys, beanies, gloves, stress balls, blankets and towels, FACE MASKS made according to official guidelines (3 layers), various long-life or canned foods; sanitary products.
